Extended Range for Merchants

The Distributor of Choice

Looking for a reliable distributor of specialist products and non-standard sizes?

With stock on the ground of complete ranges and a nationwide branch network, Encon is ready to fill the gaps in your inventory. As an integral part of your supply chain, we provide the products and support merchants need, helping you make the most of selling opportunities.

Extensive Range From One Supplier

Get everything you need from a single supplier. Our strong relationships with leading manufacturers mean merchants benefit from an extensive choice of products, systems, accessories and ancillaries from known and trusted brands.

Consistent Service

No matter where you are in the country, there's an Encon branch local to you with knowledgeable teams to support your product needs. Whether collecting from any of our locations or arranging deliveries to your yard or customer sites, merchants will experience the same reliable, flexible service and reassurance of supply. Our experienced teams provide a fast quote turnaround so you can secure what you need, when you need it.

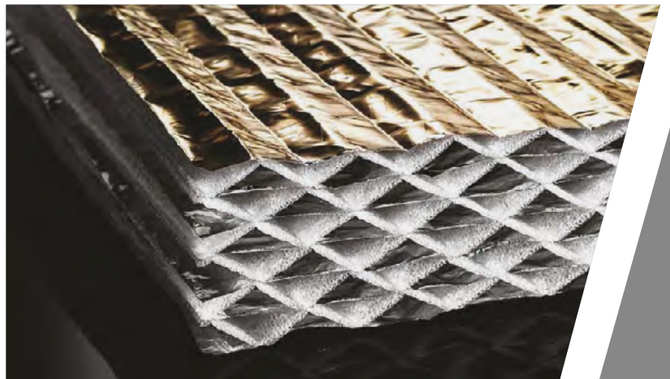

Flexible Deliveries

We make sure we deliver on time, in full and to project requirements.

- **24-72 hour delivery**
- **Direct to site or yard**
- **Bespoke deliveries including part & mixed loads**
- **Collections available upon request**

ALL PRODUCTS AVAILABLE ON 2-3 DAY DELIVERY!

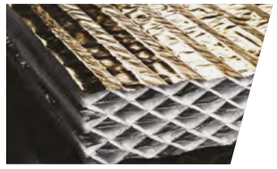

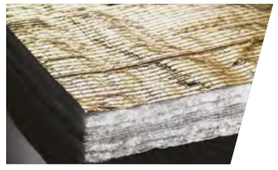

ACTIS Insulation

ACTIS specialises in the design and manufacture of innovative building insulation products, such as reflective multifoil insulation and membranes for roofs, walls and floors.

ACTIS HYBRIS

Unique insulation product with excellent thermal performance available in thicknesses from 50mm to 185mm

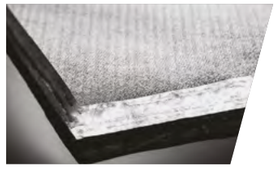

ACTIS HCONTROL HYBRID

Thin multifoil insulation product with a built-in vapour control function

ACTIS BOOST'R HYBRID ROOF

Multifoil insulation product with built-in breather membrane

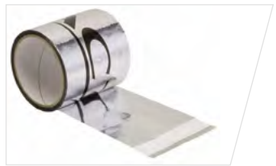

ACTIS BOOST'R HYBRID

Provides dual properties within a single product, a breathable membrane and insulation

ACTIS EOLIS HC

Blanket reflective insulation with an integrated vapour barrier

ACTIS ACCESSORIES

Tapes and cutting tools for use with insulation, membranes and barriers

Via Encon you can access the full Actis product range including accessories.

Leviat - Ancon

Leviat brand Ancon provides high integrity steel products for the building and civil engineering industries with a range that spans masonry reinforcement, head restraints, brick tie channel systems, wall ties and more.

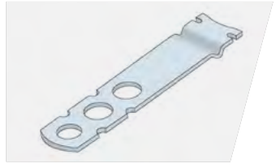

Ancon AMR Masonry Reinforcement

Ladder Type bed joint reinforcement available in different materials and sizes

Ancon 25/14 Channel

Designed to tie a masonry leaf to steel, timber or concrete frames through insulation, available in lengths of 2700mm and 3000mm

Ancon SD25 Wall Tie

Safety ended tie coming with a 'V' drip to suit 25/14 channel, multiple sizes available

Ancon PPS Wall Tie

Plain end/safety end tie for use at vertical movement joints in masonry walls, multiple sizes available

Ancon 36/8 Wall Extension System

Wall Starter System kit

Ancon SDB Frame Cramp

Ideal solution where a restraint is required between masonry and in-situ structures, multiple sizes available

At Encon, we stock a vast range of Ancon products and recommend visiting our website or contacting your local branch to discover the full scope.

ARC Building Solutions

ARC has developed a range of products that safeguard buildings from the spread of fire, heat loss, and intrusive noise – helping to create safer, more sustainable spaces for people to live and work. They are ideal for small builders and RMI type projects.

ARC Wired Tile Batten Barrier

Fire barrier providing a fire break between roof tiles and membranes

ARC Eaves Insulator

Prevents damp and mould issues at the eaves detail

ARC Soffit Slab

Fire barrier to fill the void at the soffit detail

ARC T-Barrier Masonry

Fire-Rated cavity barrier with stalk to support ideal positioning in external cavities

ARC T-Barrier Pitched Roof

Fire-Rated cavity barrier with stalk to support ideal positioning at the top of party wall brickwork

ARC Spandrel Barrier

Fire barrier to seal the top of party wall blockwork

ARC U-Barrier

Fire barrier to create a fire break at the top of the spandrel panel

Products in stock include those that make up the ARC Masonry Party Wall System which provides a fully tested solution to limit the spread of flames within the party wall cavities and improve thermal performance separation between dwellings.

DuPont

DuPont Performance Building Solutions offers the premium Tyvek® and AirGuard® product ranges that address the interior and exterior building envelope with solutions for managing air, water and thermal needs.

Tyvek Supro and Supro Plus

Breather membranes to protect roofs against wind and water

Tyvek Housewrap

Offers durable protection from moisture for walls

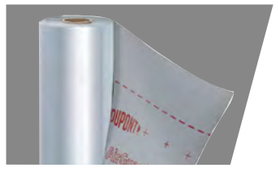

Tyvek Firecurb

Fire retardant membrane for commercial and residential buildings

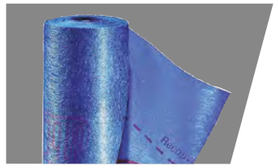

Tyvek Trifecta

A non-combustible and robust breather membrane offering an all-in-one weatherproofing solution

AirGuard A2 FR AVCL

Fire retardant airtight vapour control layer for the internal lining of roof, ceiling and wall systems

AirGuard Control

Dedicated air barrier with 100% airtightness used to reduce convective heat losses through a roof wall or floor element

Encon can supply a comprehensive range of breather membranes, AVCLs, sealing tapes and accessories including all of the above.

Kingspan Insulation

Encon now offers Kingspan K-Roc Pipe Insulation to support your heating and plumbing offer.

Kingspan K-Roc Pipe Insulation

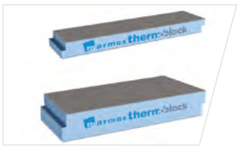

Kingspan K-Roc Pipe Insulation is made from mineral wool with a reinforced aluminium foil facing with a declared maximum service temperature of 140°C. It can be used for thermal and anti-condensation insulation of pipework systems in HVAC and building services applications.

At Encon, Kingspan K-Roc Pipe Sections are available via fast, flexible deliveries of a large range of thicknesses and diameters. We recommend contacting your local branch for the full range of sizes.

Visit Our Website To Find Out More About Kingspan K-Roc

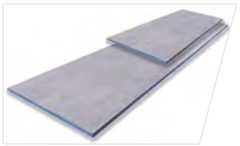

Marmox

Encon's range of Marmox products offers solutions for thermal insulation, water resistance, structural strength and thermal bridging.

Marmox Thermoblock

A block of load-bearing insulation material designed to be placed at the base of a masonry or timber-frame wall to address the thermal bridge

Marmox Standard Multiboard

A BBA certified multi-application board that merges water resistance, thermal insulation and structural strength in one product

Marmox Ancillaries

- MSP360 Adhesive & Sealant (white or clear colour options)
- S/A Waterproof Tape
- Washers (plastic & metal)

Timloc

Timloc's range of building products cover the ground level right up to the roof edge and at Encon, you can source a variety of brickwork ventilation products and building accessories.

Timloc 1201 Telescopic Underfloor Vent

Adjustable ventilator to provide ventilation beneath suspended ground floors up to 5 brick courses

Timloc 1201AB Airbricks

Robust airbrick ventilator for use with cavity sleeves and the 1201 and 1201XL telescopic underfloor ventilators

Timloc Invisiweep and Invisiweep NC

An almost invisible multi-function wall weep for discharging water from external walls. Available in polypropylene in various colours and a non-combustible Zinc version

Timloc 1143 Cavity Wall Weep

The multi-function 1143 cavity wall weep designed for cavity ventilation and reliable discharge of water from inside cavity walls

Timloc Insulation Retaining Discs

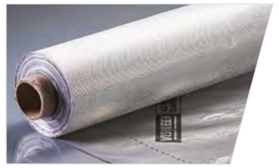

Universally designed insulation retaining disc with 80mm diameter

At Encon, we stock a large range of Timloc products and recommend contacting your local branch or visiting our website to view more of the range.

Visqueen

Visqueen offers premium solutions for safeguarding buildings against harmful ground-based gases, water ingress, damp and fire. At Encon, you'll find products for various applications including groundworking, waterproofing, masonry components and air and vapour control.

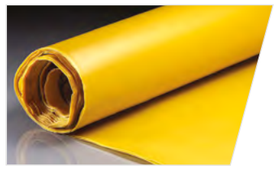

Visqueen A2 Vapour Barrier

Multi-layer reinforced aluminium air and vapour control layer

Visqueen Gas Barrier

Multi-layer reinforced polyethylene gas barrier

Visqueen High Performance Damp Proof Membrane

BBA certified, robust co-polymer thermoplastic damage-resistant membrane

Visqueen Zedex Non-Combustible Damp Proof Course

A2 fire rated non-combustible damp proof course and cavity tray system

Visqueen Zedex CPT High Performance DPC

Black, flexible co-polymer thermoplastic damp proof course and cavity tray system
